Residential Aluminium Windows & Doors

LET'S RAISE THE BAR.

Elevate your home with our impeccably designed slimline aluminium windows and doors.

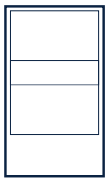
STEGBAR

High quality design shouldn't mean high maintenance. Stegbar's aluminium windows and doors utilise a unique combination of strength and lightness to provide a lifetime of good looks that require virtually zero upkeep.

The slim and unobtrusive build of Stegbar's aluminium frames will enliven any living space by allowing an abundance of natural light. Plus, perfectly matching and complementing the colour of your home is easy with a selection of powdercoated and anodised finishes available.

- Stegbar are renowned for quality and craftmanship, making windows and doors for nearly 80 years
- Suitable for residential and multi residential applications
- Meets standards, rigorously tested
- Suitable for the harsh Australian climate
- Energy efficient glass options
- Bushfire compliant
- Backed by a 10 year industry leading warranty
- Low maintenance

Window Collection



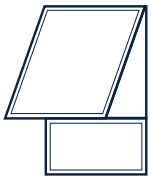
ANEETA SASHLESS WINDOW

OPERATION:

Panes of glass sliding on a track vertically or horizontally.

FEATURES & BENEFITS:

- Sophisticated design alternative to traditional windows.
- Uninterrupted view for a seamless aesthetic.
- Discrete clear handle for minimalist appeal.



AWNING WINDOW

OPERATION:

Hinged at the top, opens at the bottom.

FEATURES & BENEFITS:

- Modern contemporary style for architectural flair.
- Ultimate protection from rain and inclement weather.
- Superior energy and acoustic performance.

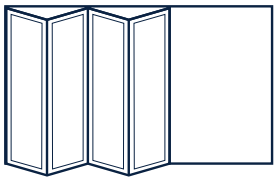
BREEZWAY LOUVRE WINDOW

OPERATION:

Louvres (horizontal slats) tilted open/closed simultaneously.

FEATURES & BENEFITS:

- Control temperature naturally with coastal or evening breezes.
- Superior ventilation and natural light.
- Range of handle and louvre blade options for customisation.



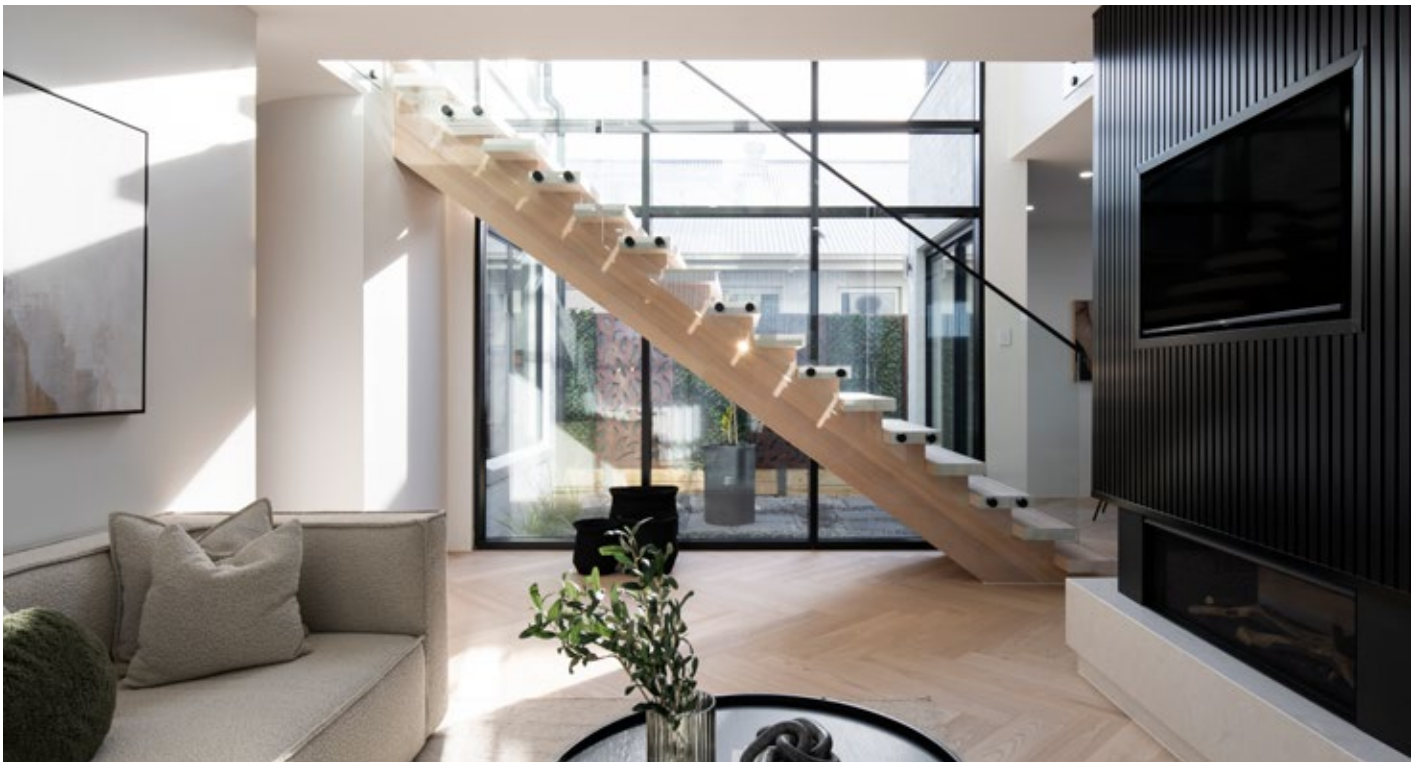
BI-FOLD WINDOW

OPERATION:

Opens in a left or right fold.

FEATURES & BENEFITS:

- Ideal for linking indoor and outdoor entertaining areas.
- Increases natural light and airflow in the home.
- Perfect choice for servery applications.



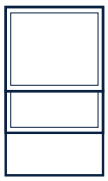
CASEMENT WINDOW

OPERATION:

Hinged on one side, opens outward left or right.

FEATURES & BENEFITS:

- Classic window design with full opening capability.
- Superior energy performance for efficiency.
- Excellent ventilation for fresh air circulation performance.



DOUBLE HUNG WINDOW

OPERATION:

Slides vertically up/down via a track with both top and bottom sashes movable for opening/closing.

FEATURES & BENEFITS:

- Traditional styling suitable for contemporary homes.
- Control airflow by moving sashes for comfort.
- Easy access to clean glass both inside and out for maintenance.

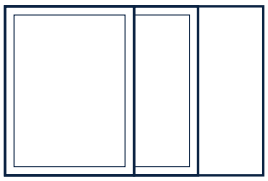
FIXED/CUSTOM WINDOW

OPERATION:

Stationary.

FEATURES & BENEFITS:

- Perfect choice for unique architectural features like raked ceilings or stairwells.
- Captures beautiful surrounding scenery with expansive glass.
- A range of shapes available including:
  - Circle
  - Arched
  - Raked



SLIDING WINDOW

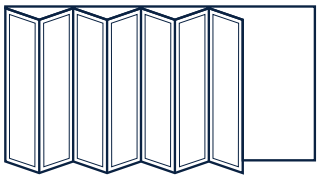
OPERATION:

Slides left or right on a smooth gliding track.

FEATURES & BENEFITS:

- Performs exceptionally in all locations throughout the home.
- Weather-sealed to minimise draughts, dust, and water intrusion.
- Added safety features and peace of mind.

Door Collection



BI-FOLD DOOR

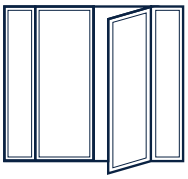
OPERATION:

Hinged at the top, opens in a fold, multi-configuration options for left and right openings.

FEATURES & BENEFITS:

- Seamless natural living by linking internal and external areas.
- Abundance of natural light and ventilation.
- Up to 7 panel options for customisable configurations.
- Versatile configurations to suit preferences.

STEGBAR



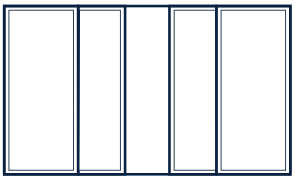
HINGED DOOR

OPERATION:

Hinged at the top, opens in a fold, multi-configuration options for left and right openings.

FEATURES & BENEFITS:

- Timeless classic suitable for any architectural design, ideal for alternative or utility entries like a laundry.
- Numerous configuration options including single or double/french door configurations.
- Suitable for narrow openings.



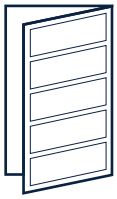
SLIDING AND STACKING DOOR

OPERATION:

Panels slide left or right, or bipart.

FEATURES & BENEFITS:

- Up to 3 panel configurations for sliding and 6 panel for stacking.
- Smooth gliding track ensures easy operation.
- Internal and external corner configurations available without a corner post.



STATESMAN PIVOT DOOR

OPERATION:

Swings left or right on a top and bottom pivot mechanism.

FEATURES & BENEFITS:

- Wide chair rail design and glass panel choices for aesthetic appeal.
- Perfect for exposed front entries not suitable for timber doors.
- Pivot mechanism built into frame and door, making it perfect for renovation projects.
- Offers a stylish and functional entrance solution.

Specs & Options

INSTALLATION

We can help take out the complexity of building and renovating with our team of expert installers, guiding you from inspiration to installation.

FINISHES

Choose from a wide range of standard, anodised, and custom powdercoat colours for durable, low-maintenance aluminium with outstanding colour fastness.

WARRANTY

Enjoy peace of mind with our industry-leading 10-year warranty on non-moving parts, 3-year warranty on moving parts, and 3-year warranty on glass.

COMPATIBLE WITH BUILDING TYPES

Fully compatible for render, brick and block work, pre cast panels and light weight construction materials.

GLASS OPTIONS

Choose from a range of acoustic, safety, energy-efficient, and privacy glass options with expert guidance from the Stegbar team to select the best performance for your needs.

GLAZING BAR

Choose from a variety of bonded glazing bar configurations and profile options, both traditional and modern. Not available on double glazed.

HARDWARE

All hardware is key lockable, with windows keyed alike for convenience.

DISABILITY

Accessibility and easy access sills available.

SCREENING

We offer a variety of insect, security, and bushfire screening options with colour-matched frames, including retractable screens for sliding, stacking, and bi-fold doors, as well as some windows.

COMPLIANCE

Engineered for quality, fully cycle tested, and compliant with all Australian Standards.

BUSHFIRE

Certified to meet up to BAL 40.
